With a choice of various styles and powder coated colours to choose from let your imagination run wild creating a secure pool fence for your property.

Our Powder Coated colours are baked onto the aluminium giving you a strong, durable finish which won't peel, chip, crack or rust. This will give you less maintenance and more time to sit back and enjoy your pool time.

Our Aluminium panels come in standard heights at: 1200mm, 1500mm and 1800mm with widths varying from 2475mm to 3000mm. However if standard sizes aren't suitable to your needs we can specially fabricate them to suit.

*POOL FENCING
ENGINEERED TO LAST.....*

Aluminium Pool Fencing

At **Complete Barrier Solutions** we offer a large range of Aluminium Pool and Boundary Fencing at affordable prices.

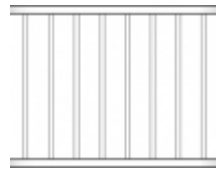

For your convenience we also stock powder coated aluminium gates with standard width sizes being 975mm, and 1475mm, posts, latches and spring hinges are also available.

For the DIY person we can supply these panels or to make your job easier our professional team can install them for you.

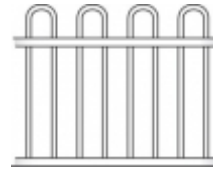

Our Pool Fencing is engineered to last and exceeds Australian Standards for Swimming Pool Safety Fencing and Gates. Our products are quality products which you can trust and rely on.
