# Stainless Steel Glass / Wire balustrade

At **Complete Barrier Solutions** we specialize in Stainless Steel and Powder Coated Aluminium, all fabricated in our Bundaberg factory.

We manufacture, install and supply hardware for stainless steel and glass / and stainless steel and wire balustrade, stair handrails and grab rails.

Our reputation for professionally fabricated and installed products is based on our exceptional service, quality and pride in our workmanship.

We have had many prestigious projects that demanded quality materials and fabrication. For high traffic or outdoor applications Stainless Steel comes into its own. When our clients specify Stainless Steel, they want more than 'off the shelf'.

## Horizontal Wire Balustrade

This form of stainless steel application can be fitted to powder coated aluminium posts and top rails or stainless steel rails / posts. The posts are specially drilled fitting the 3.2mm stainless steel wire through, and swagged off with terminals at the ends.

## Stainless Steel and Glass

This very modern look can be used for balustrade or stair rails, it features a 50mm top rail and posts with glass secured by stainless steel clamps or glazing wedge rubber. Posts can be fitted by core drilling or using a fixed footplate.
